6. Turn Right into Kellehers Rd., follow Kellehers road 4 Km to Montana

(road sign)

Montana Camp Ground 300m
It's more like 900 m

The road follows the ridge line

Some visitors with larger caravans prefer to go through Heyfield and Gleanmaggie instead of going via the Seaton road as it's little narrow in spots.

Don't stress if you miss the Licola turn off, as it's just over a crest. Just go stright ahead to Gleanmaggie and turn left, following that road back to the Licola Rd.

Kellehers Rd. is a very normal country gravel road, please drive slowly and be aware of oncoming vehicles.

The Montana driveway is also gravel and the same care should be taken.
